Bring Your Dance Classes to Life with Learning Labs

Inspire Your Students and Grow Your Classes

Turn Up the Fun and Connection in Your Dance Classes!

Are your students struggling to take what they learn in class to the social dance floor? They are good at copying your movements in class, but are limited on the social dance floor. Give them the practice and hands-on feedback they need to fully master dancing. How? Leverage structured peer learning with Learning Labs.

What is the Learning Lab?

A Fresh Twist on Dance Teaching

- **Students Learn and Teach**
  - Students **learn moves from more experienced peers** and then **share what they've learned** with others.
  - Creates a supportive community where everyone grows together.
- **Bite-Sized Lessons**
  - **You design** simple, focused lessons that build skills step by step.
  - Makes learning easier and more enjoyable.
- **Personal Progress Tracking**
  - Students **track their achievements**, boosting motivation.
  - Helps you see their progress at a glance.
- **Easy-to-Use App**
  - Our app **hosts your lessons**, matches students, and keeps everything organized.
  - Lets you focus on teaching while we handle the details.

Why It Works for Dance Instructors

Capture the Magic Beyond the Steps

- **Teach the "Feel" of Dance**
  - Tacit knowledge like musicality and body movement is best learned person-to-person.
  - **Peer teaching** helps students pick up these nuances naturally.
- **Boost Student Engagement**
  - Students stay **excited and motivated** when they're actively involved.
  - They build confidence by helping others.
- **Grow Your Classes**
  - **Happy students** spread the word, bringing in more dancers.
  - Stand out with an innovative teaching approach.

Common Questions Answered

- **"Will students teach correctly?"**
  - **Yes!** With your guided lessons, students share accurate information.
  - Plus, you're there to support and ensure quality.
- **"Why would students want to teach?"**
  - Teaching boosts their own skills and makes them feel great!
  - It creates a fun, social atmosphere they love.
- **"Is it hard to set up?"**
  - Not at all! Our app makes it **quick and simple**.
  - Start small by adding a Learning Lab session to your class.

Get Started and See the Difference

Easy Steps to Begin

1. **Create Mini-Lessons**
   - Focus on key moves and the "feel" of the dance.
2. **Use Our App**
   - Organize lessons and let the app match students for you.
3. **Incorporate into Classes**
   - Add a Learning Lab segment to your next class and watch the magic happen!
